What's New in Abila netFORUM Pro 2015.3

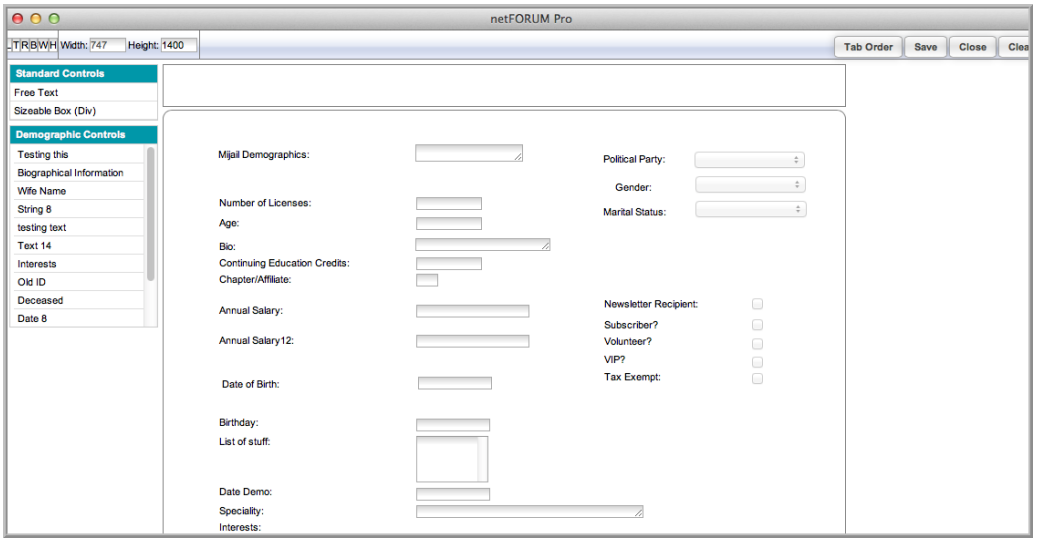
General Updates

The netFORUM Pro 2015.3 release is mainly a maintenance release focused on delivering a more stable and user-friendly experience.

There is one general update and improvement to the netFORUM Pro 2015.3 release.

Design Demographics Supports Multiple Browsers

Design Demographics is now compatible with Internet Explorer, Edge, Chrome, Firefox, and Safari.



Demographic Controls displayed in Safari.

Issues Addressed in Abila netFORUM Pro 2015.3

The following issues are addressed in Build 2015.3.

Tip: Use the number associated with each issue to look up the issue in the Abila **Support Portal**.

Accounting

Issue #	Description
18298	Manually creating a credit now correctly debits Revenue and credits Liability in the General Ledger.
18115	Refund transactions are now correctly included in a batch.
18173	Cancelling one or more items on a closed invoice no longer removes the Close Date and leaves the Status set to Closed when no balance is due.

Administration

Issue #	Description
18153	Paying a subscription open order after the drop process now promotes the subscription to Current Subscriptions or allows for manual promotion of the subscription using the 'Promote' button.
15785	An MLS FTP Transfer now includes all results and no longer factors expiration dates.

Certification

Issue #	Description
16280	The first invoice can now be cancelled when two invoices are generated using the ‘Recertify/Invoice‘ process on the certification program information page.

CRM

Issue #	Description
18337	A date can now be added and saved to CRM demographic fields in PRO-CA when DateTimeCulture is set as 'en-CA.'

E-Commerce

Issue #	Description
17788	Using Product Type and Category now returns correct results when shopping online for an individual.
17951	Firefox correctly displays subtotals in eWeb for multiple products added to a shopping cart.
18234	'Pay in full with credit' payment option is no longer available if no credit is available when using Group Registration.
18471	reCAPTCHA no longer preventing donations from processing on eWeb.
18088	Items for purchase now display in the correct List Order in the Online Store.
13649	Internet security for the View Cart link and Add to Cart link in eweb has been improved.
15946	The total amount for a group registration now correctly matches the total amount in the shopping cart.

E-Marketing

Issue #	Description
17848	Adding source code in the HTML Editor now correctly saves.
17904	The Abila anti-SPAM policy has been updated to reflect current company policies and contact information.
17507	Membership renewal emails now correctly add the {cst_name_cp} and {cst_ind_full_name_dn} fields in emails sent in bulk.

Events

Issue #	Description
18102	The Price Start Date and Price End Date now adjust correctly during the copy event process to reflect the new event dates.

Exhibits

Issue #	Description
18496	Setting an Exhibit End Time set before Exhibit Start Time now correctly considers the Start Date and End Date when determining is date/time is set correctly.

eWeb

Issue #	Description
18239	The email and country fields for individuals no longer display when set not to show under the Web Site Editor, Individual Directory tab, Individual Directory Setup check boxes.

Reports

Issue #	Description
18157	The Purchase Confirmation - Individual Profile Report now shows accurate information for partial payments.
18278	The Event Sign-In Sheet (Event Profile) Report now only shows registrants who are attending the event.
