# New for Abila netFORUM Pro in January, 2017

---

## General Updates

These is one general update and improvement to the netFORUM Pro for **January, 2017**. More information is available in the online help.

## Responsive Design Templates

In addition to Div-based and Table-based eWeb site layout themes, newer style **Responsive Design** eWeb site layout themes are now available for creating your customer visible eWeb shopping site.

**Important!** Be sure to test your existing Div-based or Table-based eWeb layout themes in your eWeb Site by navigating to **Modules -> Web Site -> View your current Web Site**.

**Site Rendering Layout**

Websites can be Div based, Table based, or Responsive Design based. Website templates will be rendered according to your selection. Div based website styles allow for a rich look and feel. Table based website styles have more simplistic and clean themes. **Responsive Design based website styles provide support for different screen sizes.**
